ICAT **Community Life**

ESRF | The European Synchrotron
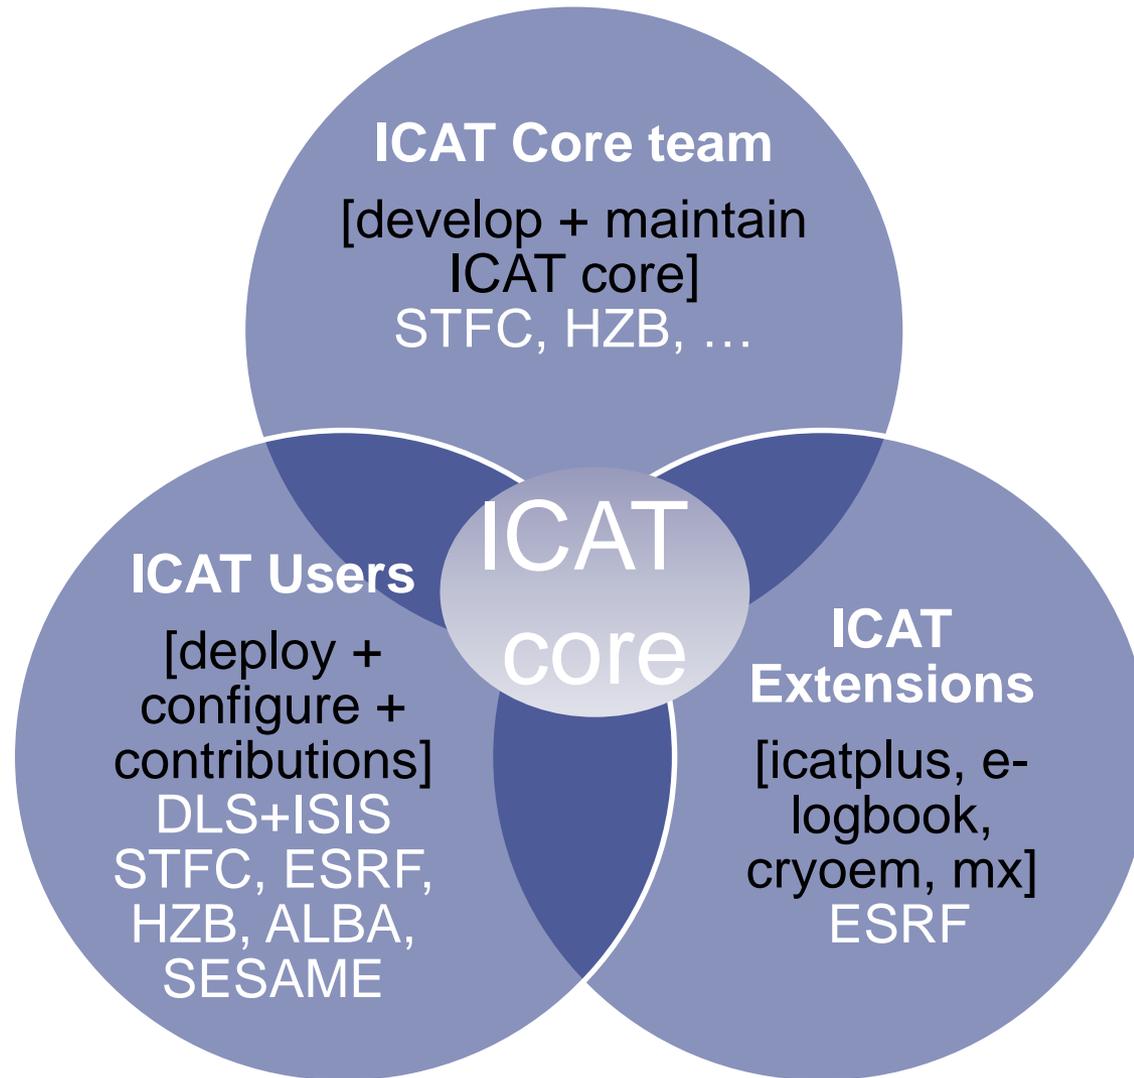

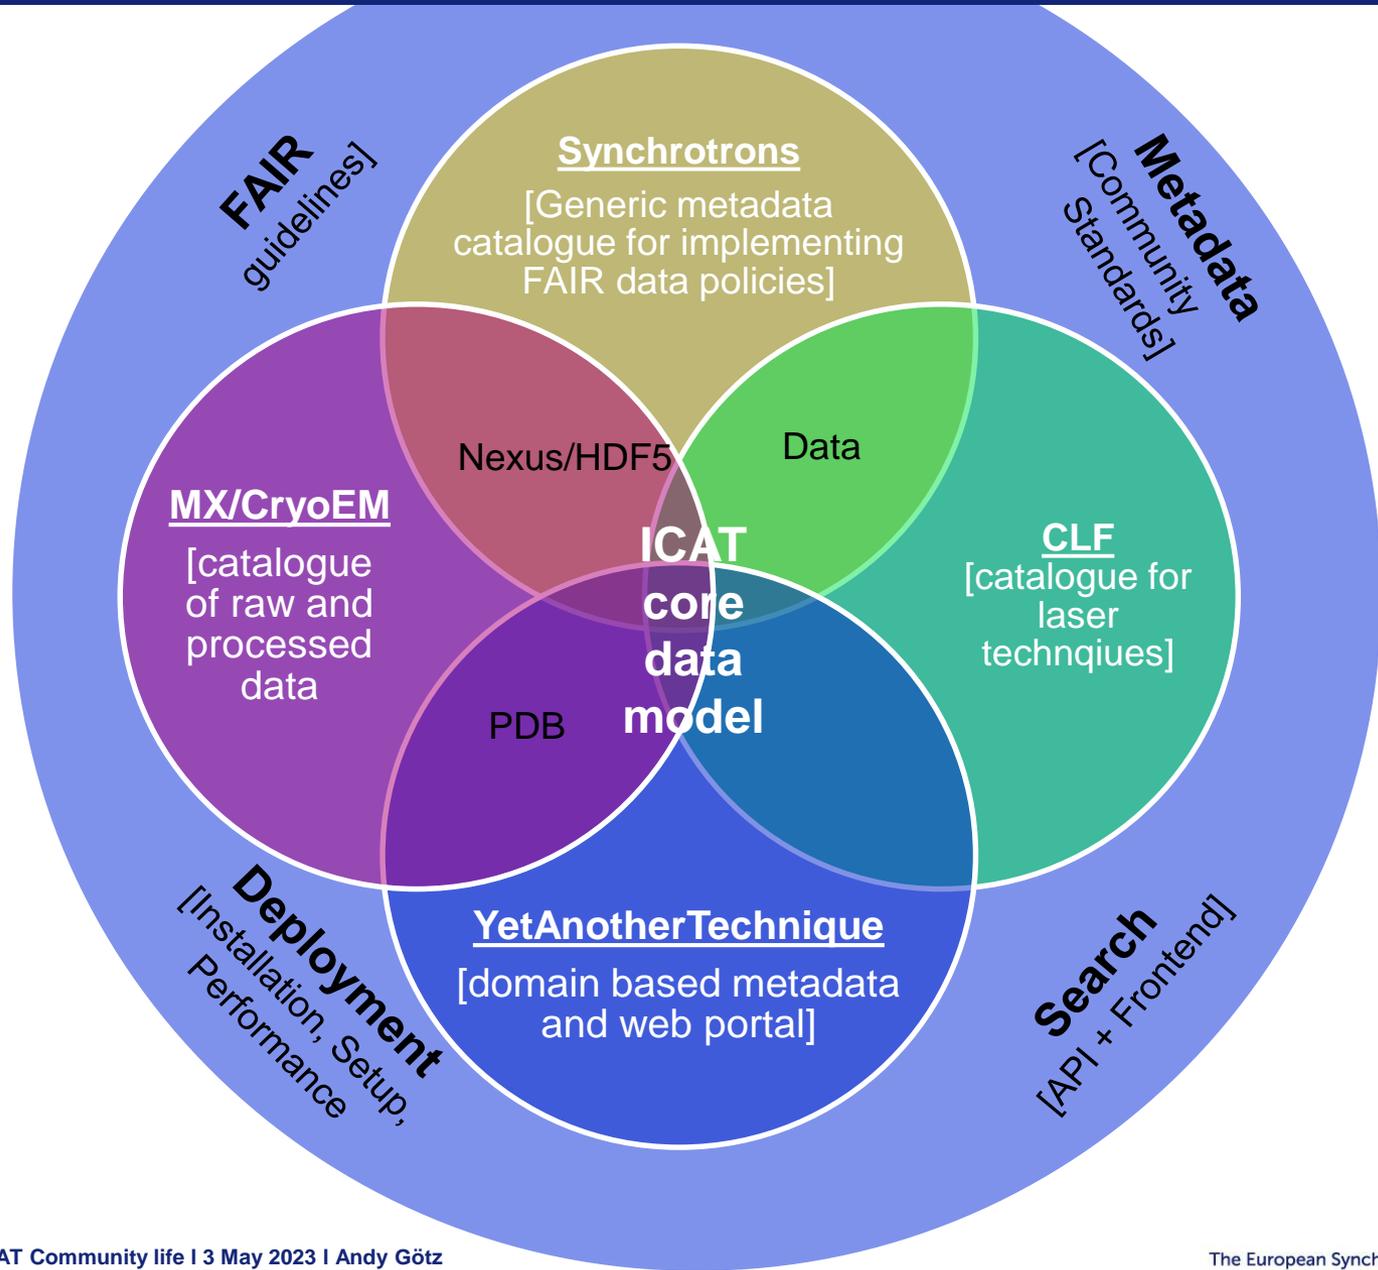

Andy Götz (ESRF)

- **What is the ICAT collaboration?**

- **How to sustain the collaboration?**

- **How to grow the collaboration?**

The European Synchrotron | ESRF

ICAT COLLABORATION TODAY

- **Core developers – UKRI STFC + HZB**

- **Contributions – ESRF**

- **Community – DLS, ISIS, ALBA, SESAME**

- **Community tools**

  - Monthly meetings

  - Google group website

  - Github repository

  - Slack channel → add an invite link to webpage

  - Mailing list

- **What do we need to add / improve?**

ICAT COLLABORATION - WHAT TO ADD / IMPROVE?

→ **Meeting notes**

→ **Mission statement**

→ **Developers meetings**

→ **Documentation**

→ **Website**

→ **Publications e.g. ICALEPCS**

How to include Contributions e.g. e-logbook / UI web portals / DOIs / H5Web?

The European Synchrotron | **ESRF**

ICAT COLLABORATION - ACTIONS

→ **Meeting notes –** **each meeting to have a chair + scribe, rotate the meeting chair over facilities**

→ **Website –** **Andy to review the website on google**

→ **Publications –** **paper @ ICALEPCS 2023**

→ **Mission statement –** **derive from paper above**

→ **Developers meetings –** **wait until community grows**

→ **Documentation –**

      → Getting starting document, dockerfile

How to include Contributions **e.g. e-logbook / UI web portals / DOIs / H5Web?**

The European Synchrotron | ESRF

- **How to include new communities who are users of ICAT i.e. not developers?**

- **Possible new user groups:**
  - MX,
  - CryoEM,
  - …

The European Synchrotron | ESRF

- **How to sustain the collaboration**

- **Growing the community with more users**

- **Make it easy to include Contributions**

- **Include ICAT in new Projects**

- **Your suggestions …**
